Report of Independent Auditors

To the Board of Directors
Cal Farley's Boys Ranch

Report on Financial Statements

We have audited the accompanying consolidated statements of financial position of Cal Farley's Boys Ranch and subsidiary (collectively Cal Farley's) as of September 30, 2019 and 2018, and the related consolidated statements of activities, cash flows, and functional expenses for the years then ended. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Cal Farley's Boys Ranch and Subsidiary as of September 30, 2019 and 2018, and related consolidated statements of activities, cash flows, and functional expenses for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2 of the financial statements, in 2019, the entity adopted ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. Our opinion is not modified with respect to this matter.

Cal Farley's Boys Ranch and Subsidiary

Notes to Consolidated Financial Statements

Note 1 – Organization

Cal Farley's Boys Ranch (Cal Farley's) is a nonprofit organization that provides professional programs and services in a Christ-centered atmosphere to strengthen families and support the overall development of children. The Cal Farley's campus-based, residential programs include our main campus of Cal Farley's Boys Ranch, located 36 miles northwest of Amarillo, Texas, which is a basic care facility for children and youth ages 5-18. Cal Farley's services include aftercare to its alumni through a college scholarship program, vocational attainment assistance, and various case management services. Our program of extensive community-based and general casework services that spanned the Amarillo, Austin, Dallas/Ft. Worth, Houston, Lubbock and San Antonio areas in Texas, and Oklahoma City, Oklahoma, through Family Resource Centers, were closed at various times throughout the year ended September 30, 2018. The Community Engagement Center in Amarillo was closed during the year ended September 30, 2019.

Tascosa Films, LLC (Tascosa) is a wholly owned subsidiary of Cal Farley's. The purpose of Tascosa is to create and share a film project. The film project will help to share the Cal Farley's mission and enhance awareness of Cal Farley's program to both potential clients and potential funders.

Cal Farley's Campus Support Center is located in Amarillo, Texas, and provides administrative and fund-raising functions to Cal Farley's and the Cal Farley's Boys Ranch Foundation (the Foundation).

The accompanying consolidated financial statements are those of Cal Farley's and Tascosa and do not include the Foundation. Combined financial statements have been separately issued combining all of these related entities. See Note 14 for a summary of related entity transactions.

Note 2 – Summary of Significant Accounting Policies

Consolidated Financial Statements Presentation

The consolidated financial statements include the accounts and transactions of Cal Farley's and Tascosa (collectively, the Organization). The Organization's consolidated financial statements are reflected on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. All material intercompany balances and transactions have been eliminated. Net assets, support and revenues, and expenses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions

These net assets are not subject to stipulations imposed by the donor and are currently available for expenditures. Items that affect this net asset category principally consist of revenues, contributions without restrictions; restricted contributions whose donor imposed restrictions were met during the fiscal year, expenses, and gains and losses on investments and other assets whose use is not restricted by explicit donor stipulations or law. Net assets without donor restrictions also include net assets transferred from net assets with donor restrictions after temporary restrictions imposed by the donor have been accomplished or the stipulated time period has elapsed. A donor's restriction, however, may be released or modified by the donor, a court, or in the circumstances and manner set forth in the Uniform Prudent Management of Institutional Funds Act.

Cal Farley's Boys Ranch and Subsidiary

Notes to Consolidated Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Net Assets with Donor Restrictions

These net assets are subject to explicit restrictions imposed by the donor on the expenditure of contributions or income and gains on contributed assets. These net assets may have stipulations by the donor to be maintained in perpetuity, such as an endowment, or the restrictions may expire due to the passage of time or the occurrence of expenditures that fulfill the restrictions. Net assets with donor restrictions also include accumulated net investment income earned by the net assets held in perpetuity.

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances and highly liquid investments with an initial maturity of three months or less. The Organization places its temporary cash investments with high credit quality financial institutions. Cal Farley's maintains a Repurchase Agreement with one bank, and all excess funds are "swept" each night and redeposited the next day. Per the Repurchase Agreement these "swept" amounts are not considered deposits of the bank; however, they are collateralized with pledged securities.

Other Receivables

Receivables are included in the accompanying consolidated statements of financial position at amount net of the allowance for doubtful accounts.

Cal Farley's writes off receivables when they become uncollectible. However, Cal Farley's has had minimal losses on accounts receivable in prior years and therefore no allowance was deemed necessary as of September 30, 2019 and 2018.

Unconditional Promises to Give

Unconditional promises to give consist of split interest agreements and multi-year pledges. Promises to give that are expected to be collected within one year are recorded at net realizable value. Multiyear pledges are recorded and calculated using the present value of an annuity and the interest element is reported as a contribution. Split interest agreements are recorded at fair value using the Organization's beneficial interest of the related assets.

An allowance for uncollectible accounts is estimated by management based on its historical loss analysis and is adjusted for those specific unconditional promises to give for which collection is uncertain. Such amounts will be written-off if and when they are deemed uncollectible. No allowance was deemed necessary as of September 30, 2019 and 2018.

Note 2 – Summary of Significant Accounting Policies (continued)

Inventories

Purchased inventories are valued at cost, determined on the first-in, first-out basis. Certain livestock inventories are carried at estimated fair market value. Donated inventories are valued at fair value, determined at the time of the gift.

Investments

Investments are recorded at fair value in accordance with Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* (see Note 4) and the realized and unrealized gains and losses on investments are recorded as increases or decreases in net assets with donor restrictions or without donor restrictions based upon donor imposed restrictions or applicable law.

Funds Invested with Cal Farley's Boys Ranch Foundation

These assets consist of investment assets held at the Foundation that have been Board designated for a contingency reserve and for use in future capital improvements as needed.

Property and Equipment

Property and equipment are recorded at cost or estimated fair value at the date of donation. Depreciation is recorded using the straight-line method over the estimated useful lives of approximately 10 to 40 years on buildings and improvements and 3 to 10 years on furniture, equipment, and machinery. Included in property and equipment is construction in progress. Once construction is completed and the asset is placed in service, it will be depreciated over the estimated useful life of the asset.

Impairment of Long-Lived Assets

Cal Farley's reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or the fair value less costs to sell. As of September 30, 2019 and 2018, there was no impairment of long-lived assets.

Income Taxes

Cal Farley's is exempt from federal income taxes on related income under Section 501 (a) of the Internal Revenue Code (IRC) of 1986, as amended, as an organization described in IRC Section 501 (c)(3). Further, Cal Farley's has been classified as an organization that is not a private foundation under the IRC Section 509(a) and, as such, contributions to Cal Farley's qualify for deduction as charitable contributions.

However, income generated from activities unrelated to Cal Farley's exempt purpose is subject to tax under IRC Section 511. Tascosa Films, LLC is a wholly owned subsidiary of Cal Farley's and therefore considered a disregarded entity for federal income tax purposes. Financial Accounting Standards Board (FASB) provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the consolidated financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Cal Farley's tax return to determine whether the tax positions are *more-likely-than-not* of being sustained *when challenged* or *when examined* by the

Cal Farley's Boys Ranch and Subsidiary Notes to Consolidated Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

applicable tax authority. Tax positions not deemed to meet the *more-likely-than-not* threshold would be recorded as a tax benefit or expense and liability in the current year. Management has determined that there are no material uncertain income tax positions.

Revenue Recognition

Contributions – Cal Farley's also follows FASB ASC Subtopic 958-605, *Not-for-Profit Entities: Revenue Recognition* (or ASC 958-605). Contributions received are recorded as without or with donor restriction depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in net assets without donor restriction if the restriction expires in the reporting period in which the support is recognized. All other donor restricted support is reported as an increase in net assets with donor restriction depending on the nature of the restriction. When a restriction expires, the net assets are reclassified to net assets without donor restriction. Non-cash contributions are recorded at fair market value at the date of the contribution.

Recent Accounting Pronouncement

ASU 2016-02 - The FASB issued Accounting Standards Update 2016-02, *Leases* – Changes the way lessees will recognize leases as they will recognize most leases on-balance sheet and will increase reported assets and liabilities. Lessor accounting remains substantially similar to current U.S. GAAP. ASU 2016-02 is effective for annual periods beginning after December 15, 2020, and interim periods in fiscal years beginning after December 15, 2021. The ASU mandates a modified retrospective transition method for all entities. Management is currently evaluating the impact of this ASU, but does not anticipate a significant impact to the financial statements upon adoption.

ASU 2018-08 – The FASB issued Accounting Standards Update 2018-08, *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*. This ASU provides clarification in evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, *Not-for-Profit Entities*, or as exchange (reciprocal) transactions subject to other guidance and determining whether a contribution is conditional.

The guidance is applicable for transactions where the entity serves as the resource recipient beginning after December 15, 2018 and for transactions in which the entity serves as the resource provider beginning after December 15, 2019. Management is in the process of determining the impact of this pronouncement.

ASU 2018-13 – In August 2018, FASB issued Accounting Standards Update 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU modifies the disclosure requirements on fair value measurements in Topic 820. The amendments in ASU 2018-13 are effective for all entities for fiscal years beginning after December 15, 2019. Changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Management has adopted this new pronouncement as of October 1, 2018.

Notes to Consolidated Financial Statements

Note 3 – Unconditional Promises to Give

Cal Farley's anticipates collections of unconditional promises to give as follows at September 30:

	<u>2019</u>	<u>2018</u>
Less than one year	\$ 141,334	\$ 1,358,414
One to five years	5,568,382	5,787,696
More than five years	16,150,725	10,257,031
Total	<u>\$ 21,860,441</u>	<u>\$ 17,403,141</u>

As of September 30, 2019 and 2018, amounts presented above for split interest agreements were recorded at fair value using the Organizations beneficial interest of the related assets. Multi-year pledges were recorded at fair value using the present value of an annuity and the present value factor interest rate used was 2.2% and 3.4%, the IRS discount rate, at September 30, 2019 and 2018, respectively. Cal Farley's has determined all amounts to be collectible.

Note 4 – Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2019 and 2018.

Money market funds and other short-term investments are valued at valued at cost plus accrued interest.

Government securities, taxable municipal securities, and corporate bonds are valued at the closing price reported on the major market on which the individual securities are traded or have reported broker trades which may be considered indicative of an active market. Where quoted prices are available in an active market, the investments are classified within Level 1 of the valuation hierarchy. If quoted prices are not available for the specific security, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, discounted cash flows and other observable inputs. Such securities would be classified within Level 2 of the valuation hierarchy.

Equity securities are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds are valued at the net asset value (NAV) of shares held and are valued at the closing price reported on the active market on which the individual securities are traded.

Cash value life insurance policies are valued based on the cash surrender value on the individual policy provided by the insurance carrier in which the Ranch is the beneficiary.

Real estate and mineral interests are valued by using significant unobservable inputs including, if available, discounted cash flow analysis, comparable analysis, or third-party appraisals (Level 3). The value of mineral interests reflects value of actual producing wells utilizing a third party valuation that is a standardized valuation method that takes the prior twelve months' revenue multiplied by a factor of three. Management reviews and evaluates the values provided by all third parties and agrees with the valuation methods and assumptions used in determining the fair value of the above investments.

Cal Farley's Boys Ranch and Subsidiary Notes to Consolidated Financial Statements

Note 4 – Fair Value Measurement (continued)

Notes receivable are valued by using significant unobservable inputs including, if available, discounted cash flow analysis, comparable analysis, or third-party appraisals (Level 3).

Investments measured at NAV are assets measured at net asset value per share practical expedient and consist of the Organization's beneficial interest in perpetual trusts. (See Note 5)

The investment expenses are netted against investment income. The investment expenses for the year ended September 30, 2019 and 2018 are approximately \$189,000 and \$196,000, respectively.

The following table presents information about Cal Farley's assets that are measured at fair value on a recurring basis (no liabilities are reported at fair value) as of September 30, 2019 and indicates the fair value hierarchy of the valuation techniques used to determine such fair value. The three levels for measuring fair value are based on the reliability of inputs and are defined as follows:

Level 1 – Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active market.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Cal Farley's uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, Cal Farley's measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

For level 3 assets measured at fair value on a recurring basis as of September 30, 2019, purchases were \$3,499 and payments/sales were \$133,715. The table below presents additional information about Level 3 assets measured at fair value on a recurring basis as of September 30, 2018. Both observable and unobservable inputs may be used to determine the fair value of positions that Cal Farley's has classified within the Level 3 category.

Fair value measurements using significant unobservable inputs (Level 3) at September 30, 2018 as follows:

Note 5 – Beneficial Interest in Perpetual Trusts

Cal Farley's receives charitable trusts from donors. Some of these trusts are considered perpetual trusts because Cal Farley's will never receive the trust assets, but they have an irrevocable right to receive all or a portion of the income earned from the trust assets in perpetuity, therefore there is not timing of liquidation of the trust assets. Cal Farley's has recorded the asset and has recognized contribution revenue with donor restrictions at the fair market value of Cal Farley's beneficial interest in the trust assets. Subsequent changes in fair value of the beneficial interest in the trust assets are recorded as change in value of beneficial interest in perpetual trusts in net assets with donor restrictions. Distributed income received from these trusts is recorded in investment income in the net assets without donor restrictions. Change in value of the perpetual trust was \$(672,745) and \$670,174 for the years ended September 30, 2019 and 2018, respectively.

Note 6 – Property and Equipment

At September 30, property and equipment consisted of the following:

	<u>2019</u>	<u>2018</u>
Land	\$ 4,447,841	\$ 4,447,841
Buildings	72,316,619	72,013,393

Depreciation expense for the years ended September 30, 2019 and 2018 was \$4,042,580 and \$4,371,294, respectively.

Note 7 – Line of Credit

Cal Farley's has a line of credit agreement consisting of one promissory note:

- Promissory Note: Principal amount of up to \$6,000,000, bearing interest at a variable rate per annum equal to LIBOR plus 1.50%, with a term of 1 year. Interest is payable quarterly. Note renews annually on June 1.

This line of credit agreement is collateralized by investments held by Cal Farley's and is guaranteed by Cal Farley's Boys Ranch Foundation. Amounts outstanding under the line of credit agreement total \$0 as of September 30, 2019 and September 30, 2018.

Note 9 – Leases

The Organization leases certain facilities and equipment under certain non-cancelable operating lease agreements. The Organization expects that in the normal course of business, leases that expire will be renewed or replaced by other leases. For the years ending September 30, 2019 and 2018, respectively, the lease expense was approximately \$96,000 and \$152,000.

Future minimum lease rentals under these non-cancelable operating leases having an initial term in excess of one year are as follows:

Year ended September 30,

2020	\$ 121,900
2021	109,243

Note 10 – Endowments

Endowment Funds

Effective September 1, 2007, the State of Texas enacted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), the provisions of which apply to endowment funds existing on or established after that date.

FASB ASC 958-205 provides guidance on the net asset classification of donor-restricted funds for a not-for-profit organization that is subject to an enacted version of UPMIFA and also required disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds.

Cal Farley's endowment consists of donor-restricted endowment funds and does not include any funds designated by the Board of Directors to function as endowments. Net assets associated with endowments are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

Based on the interpretation of UPMIFA by the Board of Directors of Cal Farley's, the guidance in ASC 958-205, and absent explicit donor stipulations to the contrary, Cal Farley's classifies as net assets with donor restrictions: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not considered permanent in nature is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by Cal Farley's in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, Cal Farley's considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of Cal Farley's and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of Cal Farley's
- The investment policies of Cal Farley's

Net asset classification by type of endowment as of September 30, 2019, is as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Restricted in perpetuity	\$ -	\$ 16,144,005	\$ 16,144,005
Restricted by purpose or time	-	2,154,623	2,154,623

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the original value of the fund. In accordance with GAAP, deficiencies of this nature exist in one fund with an original gift of \$685,450, a current fair value of \$678,515, resulting in a deficiency of \$6,935 as of September 30, 2019. There were no deficiencies as of September 30, 2018. These deficiencies resulted from unfavorable market fluctuations that may impact purpose restricted funds differently depending on their inception date.

Return Objectives and Risk Parameters

Cal Farley's has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the historical dollar value of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of a mix of relevant benchmarks, while assuming a moderate level of investment risk. Cal Farley's currently expects its endowment funds to produce a total investment rate of return over the long term which exceeds the rate of inflation as measured by the Consumer Price Index (CPI) by at least 5%. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term, rate-of-return objectives, Cal Farley's relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Cal Farley's targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

Cal Farley's has a policy which allows for appropriating expenditures each year up to 5% of its endowment fund's average fair value over the prior five fiscal years. In establishing this policy, Cal Farley's considered the long-term expected return on its endowment. Cal Farley's policy is to not spend from underwater endowments unless directed otherwise by the donor. There was no spending underwater endowments during September 30, 2019 or 2018.

Note 11 – Benefit Plans

401(k) Plan

Substantially all employees of Cal Farley's are eligible to participate in a plan qualified under Section 401(k) of the IRC. Eligible participants may generally make contributions up to the lesser of the amount allowed under ERISA or 100% of their compensation. The employer matched an amount equal to 100% of the employees' contribution, not exceeding 5% of the employees' compensation. Cal Farley's made matching contributions of approximately \$645,000 and \$589,000 for the years ended September 30, 2019 and 2018, respectively.

Note 16 – Subsequent Events

Subsequent events are events or transactions that occur after the consolidated statements of financial position date but before the consolidated financial statements are issued. Cal Farley's recognizes in the consolidated financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the consolidated statement of financial position, including estimates inherent in the process of preparing the consolidated financial statements. Cal Farley's consolidated financial statements do not recognize subsequent events that provide evidence about

conditions that did not exist at the date of the consolidated statement of financial position but arose after the consolidated statement of financial position date and before the consolidated financial statements are available to be issued.

Cal Farley's has evaluated subsequent events through February 26, 2020, which is the date the consolidated financial statements were available to be issued.
