Report of Independent Auditors

To the Board of Directors
Cal Farley's Boys Ranch

Report on Financial Statements

We have audited the accompanying consolidated statements of financial position of Cal Farley's Boys Ranch and Subsidiary (collectively Cal Farley's) as of September 30, 2021 and 2020, and the related consolidated statements of activities, cash flows, and functional expenses for the years then ended. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Cal Farley's Boys Ranch and Subsidiary as of September 30, 2021 and 2020, and the changes in their net assets and their cash flow for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Cal Farley's Boys Ranch and Subsidiary Notes to Consolidated Financial Statements

Note 1 – Organization

Cal Farley's Boys Ranch (Cal Farley's) is a nonprofit organization that provides professional programs and services in a Christ-centered atmosphere to strengthen families and support the overall development of children. The Cal Farley's campus-based, residential programs include our main campus of Cal Farley's Boys Ranch, located 36 miles northwest of Amarillo, Texas, which is a basic care facility for children and youth ages 5–18. Cal Farley's services include aftercare to its alumni through a college scholarship program, vocational attainment assistance, and various case management services.

Tascosa Films, LLC (Tascosa) is a wholly owned subsidiary of Cal Farley's. The purpose of Tascosa is to create and share a film project. The film project will help to share the Cal Farley's mission and enhance awareness of Cal Farley's program to both potential clients and potential funders. Tascosa had no activity for the years ending September 30, 2021 or 2020.

Cal Farley's Campus Support Center is located in Amarillo, Texas, and provides administrative and fund-raising functions to Cal Farley's and the Cal Farley's Boys Ranch Foundation (the Foundation).

The accompanying consolidated financial statements are those of Cal Farley's and Tascosa and do not include the Foundation. Combined financial statements have been separately issued combining all of these related entities. See Note 14 for a summary of related entity transactions.

Note 2 – Summary of Significant Accounting Policies

Consolidated Financial Statements Presentation

The consolidated financial statements include the accounts and transactions of Cal Farley's and Tascosa (collectively, the Organization). The Organization's consolidated financial statements are reflected on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. All material intercompany balances and transactions have been eliminated. Net assets, support and revenues, and expenses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions

These net assets are not subject to stipulations imposed by the donor and are currently available for expenditures. Items that affect this net asset category principally consist of revenues, contributions without restrictions; restricted contributions whose donor imposed restrictions were met during the fiscal year, expenses, and gains and losses on investments and other assets whose use is not restricted by explicit donor stipulations or law. Net assets without donor restrictions also include net assets transferred from net assets with donor restrictions after temporary restrictions imposed by the donor have been accomplished or the stipulated time period has elapsed. A donor's restriction, however, may be released or modified by the donor, a court, or in the circumstances and manner set forth in the Uniform Prudent Management of Institutional Funds Act.

Note 2 – Summary of Significant Accounting Policies (continued)

Net Assets With Donor Restrictions

These net assets are subject to explicit restrictions imposed by the donor on the expenditure of contributions or income and gains on contributed assets. These net assets may have stipulations by the donor to be maintained in perpetuity, such as an endowment, or the restrictions may expire due to the passage of time or the occurrence of expenditures that fulfill the restrictions. Net assets with donor restrictions also include accumulated net investment income earned by the net assets held in perpetuity.

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues, expenses, gains, losses, and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances and highly liquid investments with an initial maturity of three months or less. The Organization places its temporary cash investments with high credit quality financial institutions. Cal Farley's maintains a Repurchase Agreement with one bank, and all excess funds are "swept" each night and redeposited the next day. Per the Repurchase Agreement these "swept" amounts are not considered deposits of the bank; however, they are collateralized with pledged securities.

Other Receivables

Receivables are included in the accompanying consolidated statements of financial position at amount net of the allowance for doubtful accounts.

Cal Farley's writes off receivables when they become uncollectible. However, Cal Farley's has had minimal losses on accounts receivable in prior years and therefore no allowance was deemed necessary as of September 30, 2021 and 2020.

Unconditional Promises to Give

Unconditional promises to give consist of split interest agreements and multi-year pledges. Promises to give that are expected to be collected within one year are recorded at net realizable value. Multiyear pledges are recorded and calculated using the present value of an annuity and the interest element is reported as a contribution. Split interest agreements are recorded at fair value using the Organization's beneficial interest of the related assets.

An allowance for uncollectible accounts is estimated by management based on its historical loss analysis and is adjusted for those specific unconditional promises to give for which collection is uncertain. Such amounts will be written-off if and when they are deemed uncollectible. No allowance was deemed necessary as of September 30, 2021 and 2020.

Note 2 – Summary of Significant Accounting Policies (continued)

Inventories

Purchased inventories are valued at cost, determined on the first-in, first-out basis. Certain livestock inventories are carried at estimated fair market value. Donated inventories are valued at fair value, determined at the time of the gift.

Investments

Investments are recorded at fair value in accordance with Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* (see Note 4) and the realized and unrealized gains and losses on investments are recorded as increases or decreases in net assets with donor restrictions or without donor restrictions based upon donor imposed restrictions or applicable law.

Funds Invested With Cal Farley's Boys Ranch Foundation

These assets consist of investment assets held at the Foundation that have been board-designated for a contingency reserve and for use in future capital improvements as needed.

Property and Equipment

Property and equipment are recorded at cost or estimated fair value at the date of donation. Depreciation is recorded using the straight-line method over the estimated useful lives of approximately 10–40 years on buildings and improvements and 3–10 years on furniture, equipment, and machinery. Included in property and equipment is construction in progress. Once construction is completed and the asset is placed in service, it will be depreciated over the estimated useful life of the asset.

Impairment of Long-Lived Assets

Cal Farley's reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or the fair value less costs to sell. As of September 30, 2021 and 2020, there was no impairment of long-lived assets.

Income Taxes

Cal Farley's is exempt from federal income taxes on related income under Section 501 (a) of the Internal Revenue Code (IRC) of 1986, as amended, as an organization described in IRC Section 501 (c)(3). Further, Cal Farley's has been classified as an organization that is not a private foundation under the IRC Section 509(a) and, as such, contributions to Cal Farley's qualify for deduction as charitable contributions.

Cal Farley's Boys Ranch and Subsidiary

Notes to Consolidated Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

However, income generated from activities unrelated to Cal Farley's exempt purpose is subject to tax under IRC Section 511. Tascosa Films, LLC is a wholly owned subsidiary of Cal Farley's and therefore considered a disregarded entity for federal income tax purposes. Financial Accounting Standards Board (FASB) provides guidance for how uncertain tax positions should be recognized, measured, disclosed, and presented in the consolidated financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Cal Farley's tax return to determine whether the tax positions are more-likely-than-not of being sustained when challenged or when examined by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. Management has determined that there are no material uncertain income tax positions.

Revenue Recognition

Contributions – Cal Farley's also follows FASB ASC Subtopic 958-605, *Not-for-Profit Entities: Revenue Recognition* (or ASC 958-605). Contributions received are recorded as without or with donor restriction depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in net assets without donor restriction if the restriction expires in the reporting period in which the support is recognized. All other donor restricted support is reported as an increase in net assets with donor restriction depending on the nature of the restriction. When a restriction expires, the net assets are reclassified to net assets without donor restriction. Non-cash contributions are recorded at fair market value at the date of the contribution.

Loss On Settlement

During 2021, a settlement agreement was entered into by Cal Farley's. The settlement agreement required a total payment of \$2,500,000, and Cal Farley's met its obligations under the settlement agreement. This amount is classified as other activities on the consolidated statement of activities.

Recent Accounting Pronouncements

FASB Accounting Standards Update (ASU) 2016-02 and 2020-05 – *Leases*: Changes the way lessees will recognize leases as they will recognize most leases on-balance sheet and will increase reported assets and liabilities. Lessor accounting remains substantially similar to current U.S. GAAP. ASU 2016-02 is effective for annual periods beginning after December 15, 2020, and interim periods in fiscal years beginning after December 15, 2021. The ASU mandates a modified retrospective transition method for all entities. Management is currently evaluating the impact of this ASU, but does not anticipate a significant impact to the consolidated financial statements upon adoption.

FASB ASU 2020-07 – *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*: Requires the presentation of contributed nonfinancial assets, also known as gifts-in-kind, as a separate line item in the statement of activities, apart from contributions of cash or other financial assets. The amendments in this ASU should be applied on a retrospective basis and are effective for annual reporting periods beginning after June 15, 2021 with early adoption permitted. Management is currently evaluating the impact of this ASU but does not anticipate a significant impact to the consolidated financial statements at upon adoption.

Notes to Consolidated Financial Statements

Note 3 – Unconditional Promises to Give

Cal Farley's anticipates collections of unconditional promises to give as follows at September 30:

	2021	2020
Less than one year	\$ -	\$ 304,165
One to five years	6,079,447	4,095,120
More than five years	17,083,643	16,336,115
Total	\$ 23,163,090	\$ 20,735,400

As of September 30, 2021 and 2020, amounts presented above for split interest agreements were recorded at fair value using the Organization's beneficial interest of the related assets. Multi-year pledges were recorded at fair value using the present value of an annuity and the present value factor interest rate used was 1.0% and 0.40%, the IRS discount rate, at September 30, 2021 and 2020, respectively. Cal Farley's has determined all amounts to be collectible.

Note 4 – Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2021 and 2020.

Money market funds and other short-term investments are valued at valued at cost plus accrued interest.

Government securities, taxable municipal securities, and corporate bonds and notes are valued at the closing price reported on the major market on which the individual securities are traded or have reported broker trades which may be considered indicative of an active market. Where quoted prices are available in an active market, the investments are classified within Level 1 of the valuation hierarchy. If quoted prices are not available for the specific security, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, discounted cash flows and other observable inputs. Such securities would be classified within Level 2 of the valuation hierarchy.

Equity securities are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds are valued at the net asset value (NAV) of shares held and are valued at the closing price reported on the active market on which the individual securities are traded.

Cash value life insurance policies are valued based on the cash surrender value on the individual policy provided by the insurance carrier in which Cal Farley's is the beneficiary.

Notes receivables are valued based off the promissory note established between the payor and Cal Farley's.

Cal Farley's Boys Ranch and Subsidiary Notes to Consolidated Financial Statements

Note 4 – Fair Value Measurement (continued)

Real estate and mineral interests are valued by using significant unobservable inputs including, if available, discounted cash flow analysis, comparable analysis, or third-party appraisals (Level 3). The value of mineral interests reflects value of actual producing wells utilizing a third party valuation that is a standardized valuation method that takes the prior 12 months' revenue multiplied by a factor of four. Management reviews and evaluates the values provided by all third parties and agrees with the valuation methods and assumptions used in determining the fair value of the above investments.

Investments measured at NAV are assets measured at net asset value per share practical expedient and consist of the Organization's beneficial interest in perpetual trusts. (See Note 5)

The investment expenses are netted against investment income. The investment expenses for the years ended September 30, 2021 and 2020 are approximately \$180,000 and \$152,000, respectively.

The following table presents information about Cal Farley's assets that are measured at fair value on a recurring basis (no liabilities are reported at fair value) as of September 30, 2021 and 2020, and indicates the fair value hierarchy of the valuation techniques used to determine such fair value. The three levels for measuring fair value are based on the reliability of inputs and are defined as follows:

Level 1 – Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active market.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Cal Farley's uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, Cal Farley's measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Total investments	<u>\$ 40,928,531</u>	<u>\$ 38,052,877</u>

Note 5 – Beneficial Interest in Perpetual Trusts

Cal Farley's receives charitable trusts from donors. Some of these trusts are considered perpetual trusts because Cal Farley's will never receive the trust assets, but they have an irrevocable right to receive all or a portion of the income earned from the trust assets in perpetuity; therefore, there is not timing of liquidation of the trust assets. Cal Farley's has recorded the asset and has recognized contribution revenue with donor restrictions at the fair market value of Cal Farley's beneficial interest in the trust assets. Subsequent changes in fair value of the beneficial interest in the trust assets are recorded as change in value of beneficial interest in perpetual trusts in net assets with donor restrictions. Distributed income received from these trusts is recorded in investment income in the net assets without donor restrictions. Change in value of the perpetual trust was \$4,726,601 and \$708,127 for the years ended September 30, 2021 and 2020, respectively.

Depreciation expense for the years ended September 30, 2021 and 2020 was \$3,442,408 and \$3,708,917, respectively.

Note 7 – Notes Payable

On April 14, 2020, Cal Farley's executed a promissory note with First United Bank, which facilitated a loan in accordance with the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Section 1102, Paycheck Protection Program. Under the CARES Act, Section 1102, Paycheck Protection Program, the SBA has five years to audit any applicant. Cal Farley's at the time of submitting its application, evaluated the economic uncertainty resulting from the COVID-19 pandemic and the potential impact of that uncertainty on the ongoing operations of the business. Based on the risk of Cal Farley's having to limit or close its operations and unavailability of other sources of liquidity it was determined that the loan request was necessary. The Small Business Administration (SBA) Payroll Protection Loan totaled \$3,749,700, with an interest rate of 1.00%. Management opted to account for the proceeds as a loan in accordance with FASB ASC 470, *Debt*. Interest accrued as of September 30, 2020 was \$17,603. During the year ended September 30, 2021, Cal Farley's received forgiveness and recorded the amount as gain on extinguishment of debt.

Note 10 – Endowments

Endowment Funds

Effective September 1, 2007, the State of Texas enacted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), the provisions of which apply to endowment funds existing on or established after that date.

FASB ASC 958-205 provides guidance on the net asset classification of donor-restricted funds for a not-for-profit organization that is subject to an enacted version of UPMIFA and also required disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds.

Cal Farley's endowment consists of donor-restricted endowment funds and does not include any funds designated by the Board of Directors to function as endowments. Net assets associated with endowments are classified and reported based on the existence or absence of donor-imposed restrictions.

Note 10 – Endowments (continued)

Interpretation of Relevant Law

Based on the interpretation of UPMIFA by the Board of Directors of Cal Farley's, the guidance in ASC 958-205, and absent explicit donor stipulations to the contrary, Cal Farley's classifies as net assets with donor restrictions: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not considered permanent in nature is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by Cal Farley's in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, Cal Farley's considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of Cal Farley's and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of Cal Farley's
- The investment policies of Cal Farley's

Net asset classification by type of endowment as of September 30, 2021, is as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Restricted in perpetuity	\$ -	\$ 16,556,273	\$ 16,556,273
Restricted by purpose or time	-	4,159,897	4,159,897

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the original value of the fund. There were no deficiencies as of September 30, 2021 or 2020.

Return Objectives and Risk Parameters

Cal Farley's has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the historical dollar value of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of a mix of relevant benchmarks, while assuming a moderate level of investment risk. Cal Farley's currently expects its endowment funds to produce a total investment rate of return over the long term which exceeds the rate of inflation as measured by the Consumer Price Index (CPI) by at least 5%. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term, rate-of-return objectives, Cal Farley's relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Cal Farley's targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints. Cal Farley uses a five-year rolling rate-of-return average to allocate earnings to each endowment yearly.

Spending Policy and How the Investment Objectives Relate to Spending Policy

Cal Farley's has a policy which allows for appropriating expenditures each year up to 5% of its endowment fund's average fair value over the prior five fiscal years. In establishing this policy, Cal Farley's considered the long-term expected return on its endowment. Cal Farley's policy is to not spend from underwater endowments unless directed otherwise by the donor. There was no spending underwater endowments during September 30, 2021 and 2020.

Note 11 – 401(k) Plan

Substantially all employees of Cal Farley's are eligible to participate in a plan qualified under Section 401(k) of the IRC. Eligible participants may generally make contributions up to the lesser of the amount allowed under ERISA or 100% of their compensation. The employer matched an amount equal to 100% of the employees' contribution, not exceeding 5% of the employees' compensation. Cal Farley's made matching contributions of approximately \$588,000 and \$659,000 for the years ended September 30, 2021 and 2020, respectively.

Note 12 – Self-Insurance Plan

Cal Farley's is self-insured for employee medical claims up to \$300,000 per employee. Monthly premiums are paid into a trust from which claims are paid by the administrator of the trust. Total amounts charged to expense by Cal Farley's during the years ended September 30, 2021 and 2020 was approximately \$1,927,000 and \$2,381,000, respectively.

A liability has been accrued in the amount of \$264,000 and \$397,000 as of September 30, 2021 and 2020 for medical insurance claims incurred but not paid for all current employees. This amount is recorded in accrued liabilities on the consolidated Statements of Financial Position.

Note 13 – Compensated Absences

Employees of the Organization are entitled to paid time off depending on job classification, length of service and other factors. Cal Farley's accrues for unused paid time off, and at September 30, 2021 and 2020. Cal Farley's recognized approximately \$759,000 and \$886,000, as an accrual for paid time off. This amount is recorded in accrued liabilities in the consolidated Statements of Financial Position.

Note 14 – Related Party Transactions

During the years ended September 30, 2021 and 2020, Cal Farley's received \$14,631,912 and \$17,249,542, respectively, in support from the Foundation. At September 30, 2021 and 2020, Cal Farley's had a receivable from the Foundation of \$175 and \$5,052, respectively. During the year ended September 30, 2014, Cal Farley's invested \$9,754,665 of its assets with the Foundation. These amounts consist of investment assets held for Cal Farley's that have been board-designated for a contingency reserve and for use in future capital improvements as needed. Board-approved funding and uses, and investment earnings, are applied to this reserve through the fiscal year. As of September 30, 2021 and 2020, \$9,065,611 and \$8,613,142 were outstanding and available for approved use.

Note 15 – Liquidity and Funds Available

The following table reflects Cal Farley's financial assets as of September 30, 2021 and 2020, reduced by amounts not available for general expenditure within one year. Financial assets are considered unavailable when illiquid or not convertible to cash within one year, restricted trust assets, perpetual trusts held by others, endowments and accumulated earnings net of appropriations within one year, or because the governing board has set aside the funds for a specific contingency reserve. These board designations could be drawn upon in the board approves that action.

Note 15 – Liquidity and Funds Available (continued)

Cal Farley's cash flows have seasonal variations during the year attributable to contributions received at calendar year end. Cal Farley's is also supported by the Cal Farley's Boys Ranch Foundation and has the ability to draw down funds from the Foundation as approved by the board.

The continued global pandemic in 2021 has created substantial volatility in financial markets and the economy, including geographical areas in which Cal Farley's operates. While Cal Farley's has mitigated the financial impact to its operations, any future impact to operations is highly uncertain and cannot be determined at this time.

Note 16 – Subsequent Events

Subsequent events are events or transactions that occur after the consolidated statements of financial position date but before the consolidated financial statements are issued. Cal Farley's recognizes in the consolidated financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the consolidated statement of financial position, including estimates inherent in the process of preparing the consolidated financial statements. Cal Farley's consolidated financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the consolidated statement of financial position but arose after the consolidated statement of financial position date and before the consolidated financial statements are available to be issued.

Cal Farley's has evaluated subsequent events through February 22, 2022, which is the date the consolidated financial statements were available to be issued.
